

# Philanthropic Body Parts

## BRAIN

- research issues
- design new solutions
- think about big challenges

## EARS

- listen when people need to talk
- hear different opinions
- listen to people's stories

## EYES

- look for people who need help
- watch after someone
- notice if people aren't included

## MOUTH

- speaking up about issues
- teach others what you know
- entertain people

## HANDS

- write, create art, make music
- bake or cook for someone
- take care of animals, nature

## MUSCLES

- Carry groceries or boxes
- Hold open doors
- Build things, mow lawns
